We offer our guests a premium 'wine by the glass' experience using the Coravin system. The Coravin method allows for the pouring of our exceptional wines by the glass, with the cork still intact. This allows for the retention, purity, and freshness with every pour. Sharing the opportunity to explore our range of remarkable wines by glass instead of bottle allows you to enjoy the variety we have on offer and your own leisure. This method has been implemented to enhance your overall experience at Vogue Café.
